Artem Busyhin

Senior Front-end Developer | React Specialist

A highly experienced Front-end Developer with over six years of professional experience in developing user-friendly, adaptive and responsive websites with optimized cross-browser compatibility and runtime performance.

PROFESSIONAL EXPERIENCE

Senior Front-end Developer

Uran Company, Bulgaria, 02/2020 - present

- Employed React.js to construct dynamic and interactive user interfaces, slashing development time while enhancing code maintainability.
- Built and maintained modular, reusable, and optimized code, seamlessly integrating it with Firebase and back-end systems.
- Actively implemented responsive design principles to guarantee users across diverse devices and screen sizes enjoy a consistent and pleasant experience.
- Resolved performance bottlenecks in the frontend codebase, resulting in a 40% decrease in page load times, improved website ranking on search engines.

Front-end Developer

SWEET.TV, Bratislava, 07/2019 - 01/2020

- Collaborated with product managers and designers to translate requirements into technical specifications, ensuring timely and successful project deliveries.
- Conducted thorough system-level testing and debugging, ensuring the stability and reliability of TV software solutions.
- Refactored legacy code, resulting in a 30% reduction in code complexity and increased feature delivery speed by 25%.
- Developed and implemented new frontend features, resulting in a 15% increase in user engagement.

Full-stack Developer

Drive Datum, Mariupol, Ukraine, 07/2018 - 06/2019

- Architected and implemented RESTful APIs, guaranteeing seamless communication between frontend and backend components.
- Executed CRUD operations and authentication mechanisms to secure user data.
